Limited Lifetime Warranty For Commercial Products

This Limited Lifetime Warranty is given to the initial purchaser of new commercial products purchased from your local distributor and its subsidiaries. The Limited Lifetime Warranty covers defects in materials and workmanship. The Limited Lifetime Warranty does not apply to defects resulting from misuse, damage or abuse, normal wear and tear, accident, modification, improper installation or maintenance, third party materials or damage during shipping. The Limited Lifetime Warranty is not transferable and does not cover any subsequent purchasers of the products.

During the Limited Lifetime Warranty period, your local distributor, will, at its option, repair or replace any defective products with a comparable product or component. This Limited Lifetime Warranty is for repair or replacement of defective products only and does not cover any other costs such as removal, installation, or other related expenses.

Information regarding the claimed defect and date of purchase of the product must be provided. Any defective product must be returned postage or freight prepaid to your local distributor.

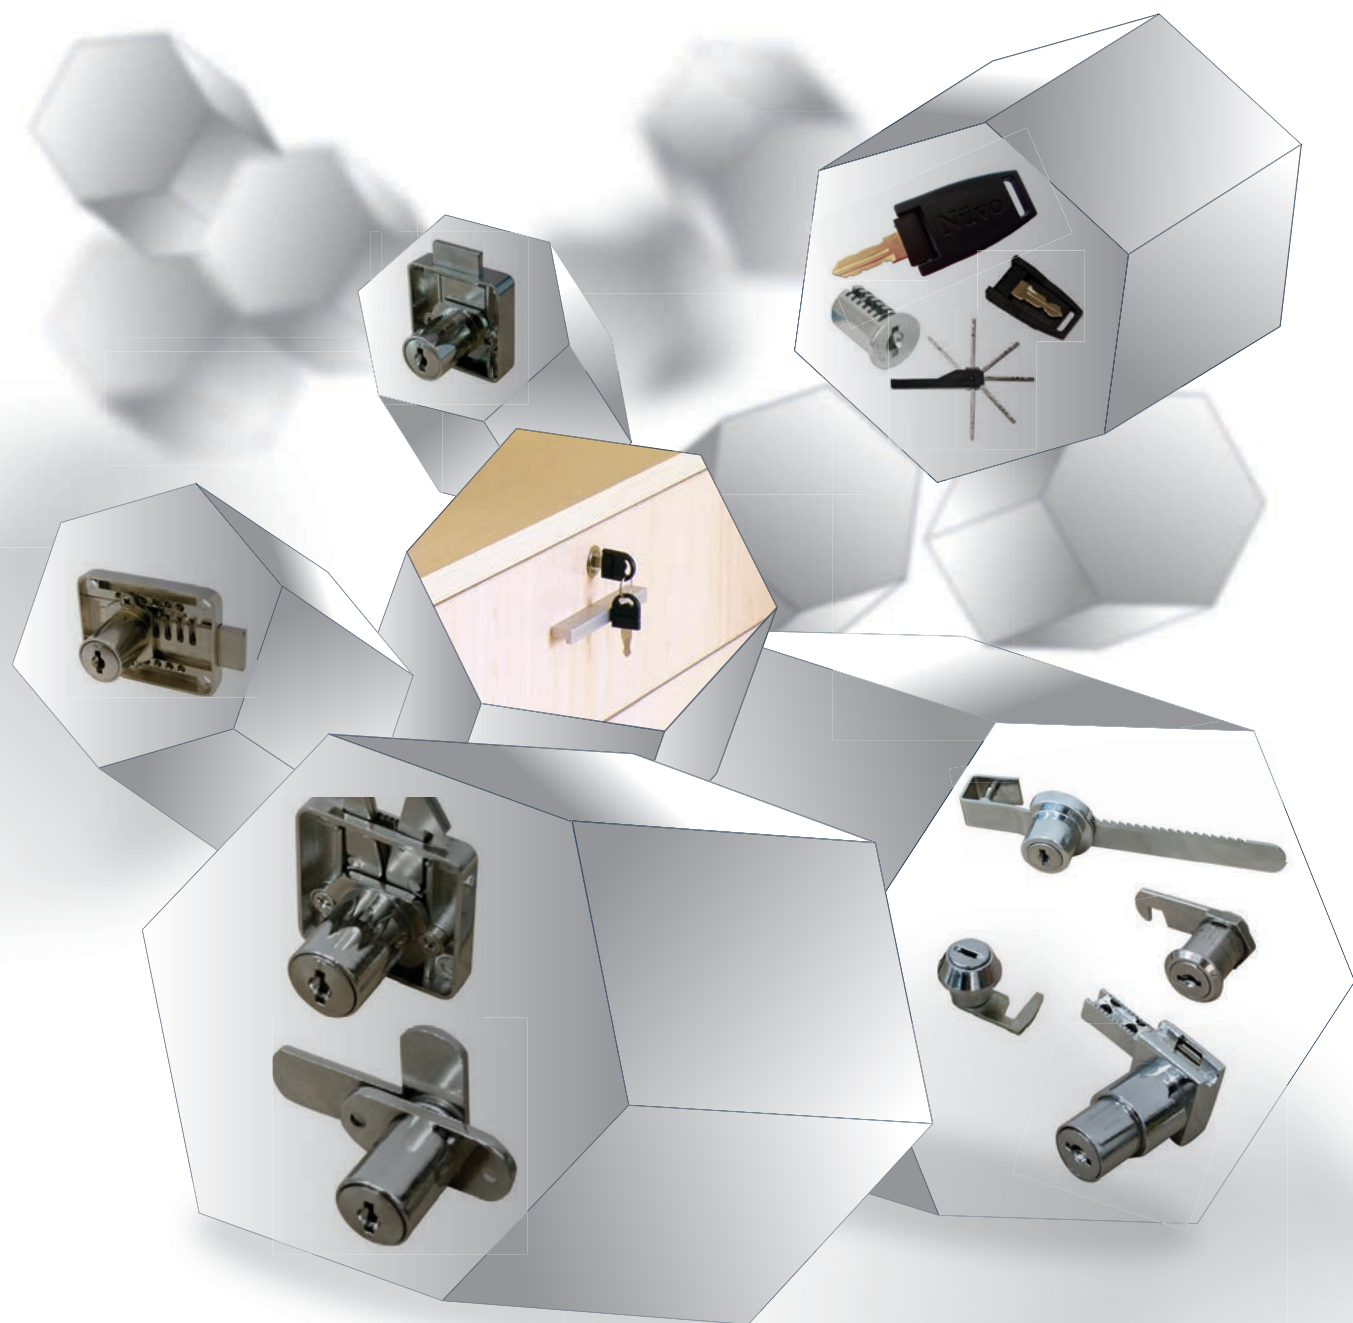

This Limited Lifetime Warranty constitutes the only warranty for the products and all other warranties or representations, express or implied, by operation of law or otherwise, including but not limited to any implied warranty of merchantability or fitness for a particular purpose, are hereby expressly disclaimed.

This Limited Lifetime Warranty constitutes the sole remedy available with regard to any defective products. Your local distributor shall not be liable for an incidental, indirect, consequential or special damages, including without limitation, loss of time, inconvenience, or lost revenues or profits.

LOCKS

SERIES 3000 CONVERTIBLE COLLECTION

NÜVO™ Removable Cylinder System

NÜVO's Removable Cylinder System provides you with a versatile method to create lock systems for both commercial and residential applications. The Convertible Collection was developed to allow the cabinet manufacturer to create sets of locks in an impressive number of combinations.

Our Removable Cylinder System offers you the possibility to have two levels of Master Keys. If you would like one key for all your locks, this is possible. If you would like each of your employees to have their own distinct key, yet allowing you to open their locks, this is also possible.

Therefore, you could have one Master Key for all locks and get a second one which could be used, for example, by a specific department.

KEYS

The N270 key can be folded over up to 270 degrees to prevent breakage:

- The first 90 degrees prevents the key from breaking in the lock if there is an impact
- The 270 degrees allows the key to fold back on itself during transportation

***This key is provided along with one standard key for our Convertible Collection.*

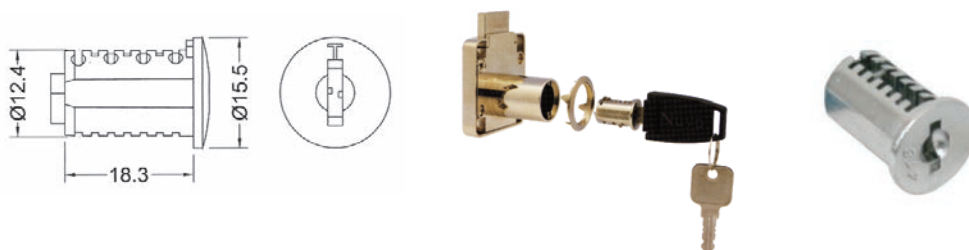

KEYS

Removing the Cylinder

The cylinder can be removed in an instant thanks to the Removal Key. Our cylinders are made to adapt to all products in our collection.

For each removal cylinder, two keys are included:

- A standard key
- A N270 key

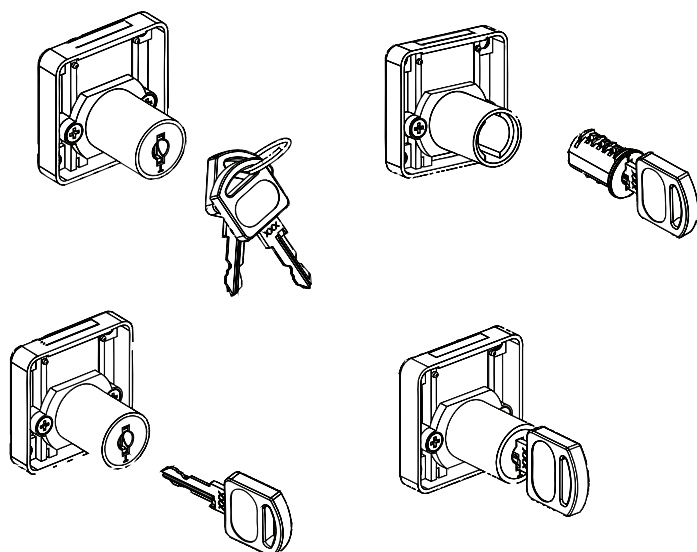

Cylinder Removal

- Insert Removal Key in the lock.
- Pull Key and Cylinder out together. Pull out Removal Key from cylinder.

New Cylinder Installation

- Insert Removal Key in the cylinder
- Insert new cylinder in the lock body and hold cylinder with finger tip.
- Slowly pull out Removal Key.

SERIES 3000 CONVERTIBLE COLLECTION

Series 3000 Convertible Collection

The Convertible Collection was developed to respond to consumers eager to adapt or create their own series of locks.

All products included in this collection have removable cylinders to help create a unique lock system. For each cylinder one N270 key and one standard key are provided.

NÜVO is proud to present its Convertible Collection which includes a range of high quality products. All products in this collection have a stylish appearance due to its nickel finish.

SERIES 6000 NON-REMOVABLE CYLINDER COLLECTION

Series 6000 Non-Removable Cylinder Collection

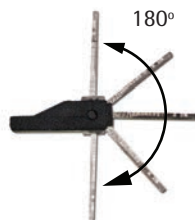

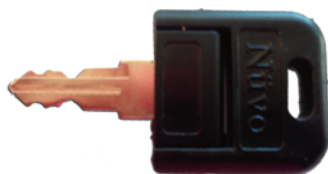

The Non-Removable Cylinder Collection was developed to respond to consumer demands wanting a simple and effective product. All products included in this collection have two N180 keys.

NÜVO is proud to present the Non-Removable Cylinder Collection which includes a range of products which excel in its category. All products in this collection are available in a chrome finish for a professional appearance. Certain items in this collection are also offered in a nickel finish for customers wanting a more polished finish.

Keys

The N180 key can rotate 90 degrees preventing the key from breaking if there is an impact.

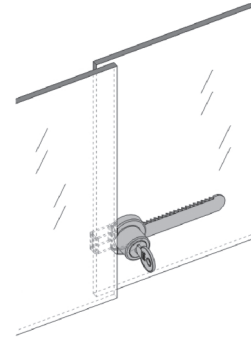

****Two keys are provided with locks from the Non-Removable Cylinder Collection.**
